CLASSROOMS ARE JUST AS UNIQUE AS THE STUDENTS WHO OCCUPY THEM.

No two environments are the same and we take that into consideration when creating a personalized layout that is aesthetically appealing and functional. With IOF training tables it's easy to create casual, professional and collaborative teaching spaces.

ADD SOME PRIVACY

Adding a vertical privacy panel to a surface allows for semi-private space in an open concept setting. We offer fabric, laminate, metal and acrylic privacy options.

LUNCHROOMS

Coffee and lunch breaks have an important social and economical value for organizations.

A lunchroom is a place for students or employees to recharge, collaborate and team build. Stepping away from their desk or classrooms can inspire ideas and promote creativity.

Our round and square tables are great for groups ranging from two to six and have numerous bases to blend in with your existing aesthetics.

Our larger footprint and mobile tables are available in over 20 sizes and can be modified to the quarter inch without additional costs or lead time.

MADE TO ORDER

It's easy as 1-2-3. Traditionally, furniture manufacturers offer a standard line of "only this is available". At IOF our approach is "everything is possible". We take into consideration that no two environments are the same and seamlessly create personalized furniture that fits right and is functional.

Every order is hand crafted to your exact specifications but that doesn't mean a long lead time or outrageous price point. Our unique manufacturing facility, 20 years experience and over 150,000 custom units created to date, allow us to rapidly produce your order at a price point that will shock you. Speak to a local approved reseller for more information.

1. MEASURE

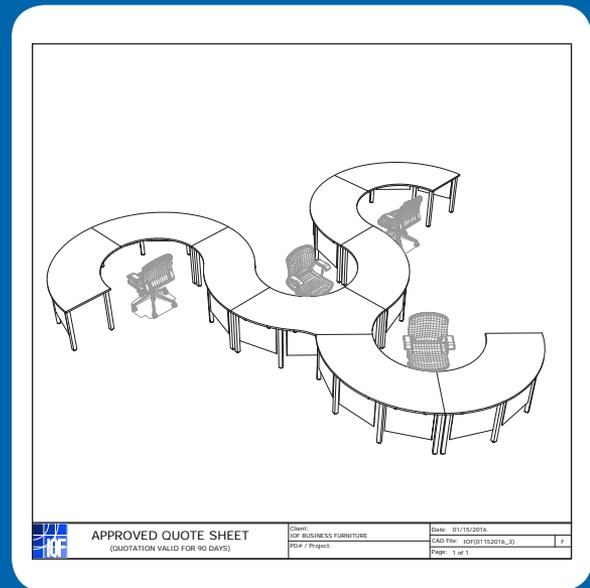

Send us a sketch

Imagine creating an office space based solely on your office's unique size in order to maximize space and efficiency. Have your authorized reseller help provide ideas, then with only a few restrictions, our expert team of support professionals will bring your ideas to life.

2. MODEL

We return a detailed shop drawing.

Need help visualizing your ideas on paper? We offer complete 2D & 3D design services for our approved resellers and their customers. Your creation will be modeled and returned with a detailed quotation.

3. MANUFACTURE

We return a detailed shop drawing.

After you approve your design, our experienced fabricators will take on creating your personalized order. With the aid of computer controlled machinery, your next office is proudly manufactured with the highest standard of craftsmanship and components. Our entire line is made in North America, certified SCS Indoor Air Quality Gold and backed by a lifetime warranty.
