1. Choose Your Configuration

Pick a setup that works best for you and your space with Single Desk, L Shape Desk, L Shape Desk w/Desk Riser + Storage, U Shape Desk, Multi-Person Workstations & Back-To-Back Workstations options.

3. Choose Your Base Style

The skies are the limit with our **three unique leg base styles** to choose from: Unite Leg, Oblique Leg & Beveled Leg. Additional leg base options include offset square post legs, half legs and inset legs.

5. Add Additional Storage

Based on your personal storage needs, we offer several complementing options such as mobile pedestals, benching cabinets, hutches, wardrobes, lateral files, bookcases, and more!

2. Choose Your Work Surface

We have **three top shapes** and **several sizes** to choose from that are available in nine premium-grade laminate finishes.

4. Check for Available Supports

Make sure that when you are ordering certain work surface tops or bases that you are ordering the necessary beams and brackets for your desired configuration.

6. Organize With Accessories

If you don't enjoy the look of wires cluttering your defined space or clients staring at your legs, we offer several wire management and modesty panel options for your privacy and comfort.

Boost Health & Productivity

The Benefits of Height Adjustable Desks in the Modern Office

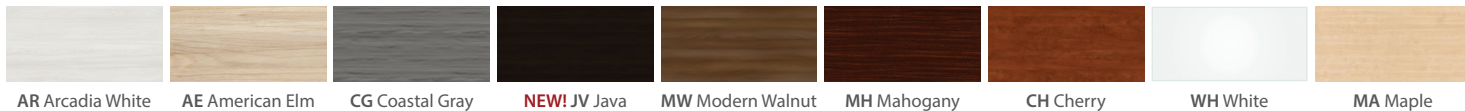

Incorporating height adjustable desks into your office environment offers numerous health and productivity benefits. Alternating between sitting and standing throughout the day helps reduce the risks associated with prolonged sitting, such as cardiovascular disease, obesity, and back pain. Studies have shown that standing desks can improve posture, reduce musculoskeletal discomfort, and even boost mood and energy levels. Furthermore, employees who use standing desks often report higher productivity and focus. Regular movement, enabled by our height adjustable desks, can also enhance circulation and decrease fatigue, making for a more dynamic and healthier work environment.

OfficeSource® Height Adjustable desks are easy, quick and quiet to operate and offer the optimal vertical range to accommodate people of all sizes.

MODULAR ELECTRIC SYSTEMS

How To Order:

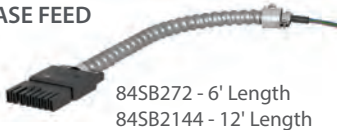

1. Determine the configurations that need powered and electrical load requirements.
2. Choose **Base Feed**.**
3. Establish placement of **Power Blocks**.
4. Identify **Receptacles** per power block.
5. To figure harness length, take the center of the item, where the power blocks are to be placed, plus the length of any items the harness needs to pass under. Subtract 7" and use the next larger size harness, unless measurement is exactly the size of a harness.

For Example:

Sample #1- The power blocks are centered in the 42" returns, so half the return size is 21" for each return (21" + 21") plus 30" depth of the peninsula, minus 7".
 $(21" + 21" + 30" - 7" = 65"$ harness length)
 6. Determine needed accessories

Metal J Channel

For mounting power and data to the underside of a table or to a modesty panel. They are modular and versatile and provide power, data and wire management in a single package. J-Channels can be outfitted with our Electri-Pak wiring systems including our 8 wire, 3 circuit or 8 wire, and 4 circuit systems. Configurations are available in a variety of lengths and can accommodate a wide range of power receptacles in both single circuit and multi-circuit configurations.

Telecom Cutout

A separate channel is provided for housing the telecom plate and keeps the data wires separated from the power cables. Interconnecting cables and power in-feeds are available in a variety of lengths. Power feeds, interconnecting cables and telecom plates are purchased separately.

FIND THE PERFECT CHAIR TO COMPLEMENT YOUR STYLE WITH OUR OS SEATING

Pictured w/Variant, Starlight Task & NEW! Starlight Guest Seating

CHOOSING THE **RIGHT** CHAIR – DOESN'T **NEED** TO BE HARD

Finding the perfect chair requires striking a balance between style, price, and ergonomics. Understanding the various adjustments and features is the first step to helping your posture and making those long office hours as comfortable as possible.

6 TIPS FOR A PERFECT FIT

Back Support
Find a great chair that provides adequate support for your lumbar and posture.

Breathable Materials
A breathable fabric, such as mesh, will promote air circulation to prevent overheating, especially if you're sitting for long hours.

Armrests
Armrests are generally helpful for reducing strain on your shoulders and arms. You can choose between 2D, 4D, fixed or flip-up arms.

Ergonomic Adjustability
The best chair will have multiple adjustable features that enhance your comfort and productivity.

Seat Height & Desk Alignment
Your chair height should be set so that your hips are slightly higher than your knees with your feet flat on the floor.

The Right Casters
Choose casters that are suitable for your floor surfaces - hard for carpeted or soft for smooth floors.
